

RESEARCH & INNOVATION

COLLEGE OF SCIENCE AND ENGINEERING

[Click Here to Apply for Invent for the Planet](#)

February 15-17, 2019

About Invent for the Planet

For 48 hours, Texas A&M University-Corpus Christi students along with universities from around the world will be joining Texas A&M University virtually as we tackle some of the most challenging issues facing the planet today. From virtual reality to stopping the spread of disease and creating new technology for the classroom, this competition will test the limits of your creativity and resourcefulness. Will your idea help save lives and improve life on Earth? *The sun never sets on innovation.*

How it Works

Invent for the Planet teams are formed based on similar interests in a need statement. The teams then research the topic and come up with a plan and build a simple prototype. On the final day, each team puts together a video and presents their prototype to a panel of judges. Three teams are selected for first, second and third place prizes. The first-place teams from each university will then have about a week to perfect their pitch before submitting a new video that will be judged remotely for a chance to be named the first-place winner overall.

Why you should join the movement:

- Compete for cash prizes
- Interact with other students around the world
- Work through language barriers and practice your communication skills
- Earn some great interview talking points
- Network with industry mentors
- Gain experience using new technology
- Make a difference in the world

Participate

Deadline to apply has been extended to: Friday, February 8, 2019

Any student at Texas A&M University - Corpus Christi is welcome to apply for Invent for the Planet, from freshmen through doctoral students. You do not have to be an engineering student. In fact, we encourage students from all across the university to apply. Well-rounded teams come up with unique and creative solutions to problems. Just make sure you apply by February 8, 2019!

Participating Universities

- **Texas A&M University-Corpus Christi** — Corpus Christi, Texas, United States
- **University of Sydney** — New South Wales, Australia
- **Ho Chi Minh City University of Technology and Education** — Ho Chi Minh City, Vietnam
- **Mahidol University** — Bangkok, Thailand
- **Universitas Gadjah Mada** — Yogyakarta, Indonesia
- **University of Danang** — Danang City, Vietnam
- **University of Technology Yatanarpon Cyber City** — Cyber City, Myanmar
- **Indian Institute of Technology Gandhinagar** — Gujarat, India
- **Habib University** — Karachi, Pakistan
- **Texas A&M University Qatar** — Doha, Qatar
- **Aristotle University of Thessaloniki** — Thessaloniki, Greece
- **JAMK University of Applied Science** — Jyväskylä, Finland
- **Technical University of Cluj-Napoca** — Cluj-Napoca, Romania
- **University of Zimbabwe** — Harare, Zimbabwe
- **Arab Academy for Science, Technology and Maritime Transport** — Alexandria, Egypt
- **Ecole Nationale d'Ingénieurs de Saint-Etienne** — Saint-Etienne, France
- **Ecole Nationale Supérieure d'Arts et Métiers** — Paris, France

- **Swansea University** — Swansea, Wales
- **Kent State University** — Kent, Ohio, United States
- **Universidad Catolica del Norte** — Antofagasta, Chile
- **Texas A&M University** — College Station, Texas, United States
- **Wichita State** — Kansas, United States
- **Boise State** — Boise, Idaho, United States
- **New Mexico State** — Las Cruces, New Mexico, United States
- **Universidad Politecnica de Yucatan** — Merida, Yucatan, Mexico
- **Portland State University** — Portland, Oregon, United States
- **Universidade Federal Rural de Pernambuco** — Recife, Brazil
- **Universidad Tecnologica Laja Bajio** — Gto, Mexico
- **China University of Petroleum** — Qingdao, Shandong, China
